Northern Air Cargo signs maintenance agreement with Omni Air International

**Anchorage based Northern Air Cargo (NAC) recently signed an agreement with Omni Air International (OAI) to provide maintenance support for their aircraft in both Anchorage and Fairbanks.**

**NAC will provide aircraft maintenance personnel, ground handling equipment and deicing services on an as-needed basis. “Omni is a well reputable and well respected operator and we are very excited to be able to work with such a great customer” said NAC’s Vice President of Maintenance Jeff Landrum.**

**Omni Air International is based in Tulsa Oklahoma and operates a fleet of DC10 and 757 passenger aircraft on a charter basis. They are a primary provider of transportation of US Department of Defense.**

**Northern Air Cargo is Alaska’s largest all cargo Airline offering scheduled and charter flights, maintenance and ground handling services throughout Alaska, the Lower 48 and North America.**
